 - Independently implemented AI advisory, expense analysis, portfolio tracking, and market-insight workflows with responsive frontend-backend integration.

Professional Experience

- Independent / Open-Source Projects & Hackathons** *2023 – Present*
- Built and shipped 50+ full-stack projects across web, mobile, and AI-driven applications.
 - National-level hackathon finalist: Smart India Hackathon (2024, 2025) and Hack4Bengal 2025.
 - Maintained 70+ public repositories with sustained open-source activity (3,000+ GitHub contributions in the last year).
- Google AI/ML Virtual Internship** *Mar 2025*
- Completed project-based training in applied AI/ML workflows and model-driven solution development.
- AWS Academy Cloud Architecting** *Jan 2025*
- Completed hands-on cloud architecture coursework covering core infrastructure and deployment fundamentals.
- Web Developer Full Stack Virtual Internship (EduSkills)** *Jun 2025*
- Built and evaluated full-stack applications across frontend, backend, and deployment workflows.

Education

B.Tech in Computer Science and Business Systems *2023 – Present*
Techno Main Salt Lake, Kolkata

Certifications & Achievements

- Smart India Hackathon — Finalist (2024, 2025)
- Outreach Co-Head, Educational Society, Techno Main Salt Lake
- GeeksforGeeks Campus Mantri, Techno Main Salt Lake
- LeetCode: 90+ problems solved (Java-focused practice)
- Oracle Cloud Infrastructure 2025 AI Foundations Associate
- AICTE Virtual Internship on AWS Cloud
